The lecture of Henry Ward Beecher on Tuesday evening was well attended. Almost every seat in the Opera House was reserved before the doors opened. After the opening of the doors there was a general rush, so that the house was entirely filled when the lecturer made his appearance. Mrs. Emma Herring rendered "Sheridan's Ride," in a very creditable manner at the opening of the evening's entertainment. Mr. Beecher then followed with the subject, "Conscience," and held the attention of the large audience for an hour and a half.

Have you seen the suit for one dollar at Lowenberg's. 2t.

Strohl and wife who each play two horns at the same time, making a complete quartette. Lovers of music can not fail to be pleased. Go and hear them.

Burial of Soldiers.

The convention called by the county commissioners for the purpose of discussing the matter of the burial of indigent solders at the expense of the county under the law of 1885, met at the Court House in Bloomsburg on Saturday, Dec. 26th. The meeting was called to order at half past one o'clock, and on motion of Capt. U. H. Ent, R. F. Whitmire of Pine Summit was elected chairman and on motion of Capt. Robison, Capt. Ent was elected secretary. Commissioner Pohe explained the purpose of the convention to be the discussion of the adoption of a model for head stones for deceased soldiers, and the regulation of the expenses of burial. Mr Brittain favored the adoption of a standard, and was followed by Messrs. Robison, Brockway, Whitmire.

Mr. Averill of Berwick stated that if $25 be the limit for a coffin, it would not be sufficient in his town, as the charge there is $10 for land enough for a grave, $5 for digging grave, which would leave only $20 for coffin, shroud, undertaker, &c.

Mr. E. Steward said that in Centre township there would be no charge for burial lot, as there was land reserved for that purpose. A good coffin was furnished for a soldier in that township for $15.

Mr. B. Sterling of Madison thought the law allowed a small amount for the burial of a soldier as he should be buried.

On motion of Mr. Brittain a recess of ten minutes was taken for the purpose of inspecting the models and engraving of tombstones shown by different parties. Mr. J. A. Owens of Lewisburg exhibiting some samples of bronze tombstones made by the Bridgeport company.

The meeting being again called to order a motion was made by Mr. Robison that this convention recommend the commissioners to adopt the white bronze tombstones, and after remarks by Mr. Pohe, G. E. Elwell and others, it was carried.

Capt. Robison moved that hereafter when vacancies occur in the committee appointed by the commissioners the commissioners be requested to fill such vacancies with Grand Army men. Mr. Brittain explained that the commissioners have already followed that plan so far as possible. Motion carried.

It was also moved that this convention approve of the action of the county commissioners in carrying out the provision of the law concerning the burial of indigent soldiers. Carried.

After some futher discussion as to the impossibility of fixing a uniform rate of expenses for the entire county, each case depending on its own circumstances, the convention adjourned.

Jerseytown.

Another year has rolled away and our little village is one year older, but still the same flourishing place.

Our friend Mr. Chas. M. Smith, operator at Beavey Valley, was home a short time last week. His many friends were glad to see him.

A number of invited guests assembled at Dr. T. J. Swisher's last Saturday to partake of his hospitality. All came away fully appreciating the generous and ample entertainment tendered them.

Our shoemaker Mr. Harris will soon remove to Williamsport.

Mrs. C. Kreamer is visiting in Michigan.

Mr. and Mrs. James Kisner are with their son Dr. J. C. Kisner of Conyngham.

Misses Mamie Sheep and Ella Watson who have been attending school at Bloom are home during vacation.

Miss Laura Girton of Buckhorn, is visiting Mrs. Dr. Fruit.

Mr. and Mrs. John Sheep of Milton have been visiting his brother Mr. D. M. Sheep.

Dr. McCleary and Mr. N. McCleary of Milton were through here last week on a hunting expedition. Game is nearly as scarce here as railroads.

Butler's saw mill above town has resumed work.

Mr. E. W. McCollum is laying in a large stock in his tannery expecting easy means of transportation on the R. R.

The schools in the township were closed for Christmas and Institute week.

For upwards of twenty-five years from time to time there has been considerable interest and excitement aroused in this community about a rail road. For the past week a little cyclone, as it were, of excitement has prevailed in this section about a road which is to be constructed through here in a marvelously short time if the people along the route will throw open their fields, subscribe labor, materials, money, &c., liberally. These demands not being forthcoming in sufficient quantities and as rapidly as desired the little cyclone is gradually subsiding to the westward and once more we are about to conclude that, perhaps, it will be another year before Jerseytown will have railroad facilities.

The family reunion of Mr. and Mrs. A. K. Smith which occurred on Christmas was a most pleasant and happy event, the first of the kind in the history of the family and an event never to be forgotten by all who participated. Those who made up the meeting were Miss Martha Long, Mrs. Samuel Johnston, Mrs. Smith's mother, a pleasant and amiable lady of eighty-two years. Miss Laura Smith and Mr. Chas. Smith the only ones of the seven children still at home. Mr. and Mrs. Frank Cotner and family of Limestone, Mr. and Mrs. D. Warner and family of Fishingcreek, and Mr. and Mrs. Wm. Sheep, being the three married daughters. Messrs. Wm. and Miles Smith and families.

The presents received by Mr. and Mrs. Smith were numerous and valuable. Everything possible was done to make the occasion attractive and pleasing for the twenty grand children and agreeable to all, a large table was set in the parlor loaded with peanuts, candies, apples and everything to excite and satisfy the appetites of the children.

At the proper time the company found their way to the dining-room where a sumptuous Christmas dinner awaited them to which all did ample justice. It is a remarkable thing and worthy of note that there has never been a death in Mr. Smith's family nor in the families of any of the children.

The man whose duty it is to gather and sift the news of the store and print the part you care most for from day to day is off for a rest till the 4th of January. There is news enough; but pick it up in the store. You will better appreciate the telling by having to pick it up yourself.

You can guess pretty well at what is going on. Of course the forty or fifty stocks are unbalanced. Weeks will pass before equilibrium is restored. And how restored? Why, by selling what ought to be sold and buying what ought to be bought. Buying is easy; but selling depends on the price and you.

We shall try to be out of nothing needful two days, if we can get it reasonably. We shall try to keep nothing superfluous one day, if we can sell it tolerably. Our necessity is your opportunity.

Look out!

CATARRH

Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hoods Sarsaparilla, which, acting through the blood, reaches every part of the system, effecting a radical and permanent cure of catarrh in even its most severe forms. Prepared by C. I. Hood & Co., Lowell, Mass.

Only Temperance Bitters Known.

No other medicine known so effectually purges the blood of deep-seated diseases.

Millions bear testimony to its wonderful curative effects.

It is a purely Vegetable Preparation, made from the native herbs and roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.

It removes the cause of disease, and the patient recovers his health.

It is the great Blood Purifier and Life-giving Principle; a Gentle Purgative and Tonic; a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the power of VINEGAR BITTERS in healing the sick of every disease man is heir to.

The Alterative, Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Sedative, Counter-Irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of VINEGAR BITTERS exceed those of any other medicine in the world.

No person can take the BITTERS according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Bilious, Remittent, Intermittent and Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their vast tributaries during the Summer and Autumn, especially during seasons of unusual heat and dryness.

These Fevers are invariably accompanied by extensive derangements of the stomach, liver and bowels. In their treatment, a purgative, exerting a powerful influence upon these organs, is absolutely necessary.

There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as it will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus forearmed.

It Invigorates the Stomach and stimulates the torpid Liver and Bowels, cleansing the blood of all impurities, imparting life and vigor to the frame, and carrying off without the aid of Calomel, or other mineral, all poisonous matter from the system. It is easy of administration, prompt in action, and certain in its results.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Pneumonia, Dizziness, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, and a hundred other painful symptoms, are at once relieved by VINEGAR BITTERS.

For Inflammatory and Chronic Rheumatism, Gout, Neuralgia, Diseases of the Blood, Liver, Kidneys and Bladder, the Bitters have no equal. In these, as in all constitutional diseases, WALKER'S VINEGAR BITTERS has shown its great curative powers in the most obstinate and intractable cases.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters, and Miners, as they advance in life, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of VINEGAR BITTERS.

Skin Diseases, Scrofula, Salt Rheum, Ulcers, Swellings, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations, Humors and diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of the Bitters.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like VINEGAR BITTERS.

Measles, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases may be made less severe by keeping the bowels open with mild doses of the Bitters. This wonderful remedy is especially adapted to the systems of children, for purifying herbs alone give it its remarkable curative powers. It contains no alcohol, opium or other poison.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, this Bitters has no equal.

Cleanse the Vitiated Blood when its impurities burst through the skin in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when, and the health of the system will follow.

In conclusion: Give the Bitters a trial. It will speak for itself. One bottle is a better guarantee of its merits than a lengthy advertisement.

Around each bottle are full directions printed in different languages.

WASHINGTON LETTER.

(From our Regular Correspondent.)
WASHINGTON, D. C., Dec. 28, 1885.

As usual here, Christmas day was one of quiet home entertainments, and family gatherings. The departments were closed, and so was the White House. No one crossed its threshold on that day. It was a private residence, and the President enjoyed the rights of a private citizen. On next Friday it will be opened wide to the whole world, or as much of it as can crowd in during the hour from one to two, but it is the day on which the official world of Washington pays its respects to the President, and the official programme will consume the time until one o'clock, when the reception of citizens begins. The President will first receive his Cabinet and the Diplomatic Corps. The latter will wear the attire of their respective foreign Courts. Then the justices of the Supreme Court of the U. S. will come, and the Judges of the U. S. Court of Claims. Senators and Representatives in Congress are next in order, followed by the judicial officers of the various District Courts, ex-Members of the Cabinet, and ex-Ministers of the United States. Officers of the Army and Navy will greet the President next in the full uniform of their rank. Then Secretaries and assistant Secretaries of various institutions, assistant postmasters-general and assistant attorneys-general, heads of Bureaus Associations of soldiers, veterans, and the Oldest Inhabitants Association. With them the official reception closes, and the peoples reception begins.

Washington has never known a more prosperous Christmas tide than the present one. Express Companies report that in number and value the packages sent from the city this year are in excess of those sent last year by at least thirty-five percent. The clerks in the Post-office say that the number of Christmas packages sent from here this year exceed those of last year by nearly one third. And the merchants report very greatly increased sales of fancy goods for Christmas presents over last year. The cause of this difference is in the policy of President Cleveland. At this time last year thousands of people here felt that the source of their income was menaced, and looked to the ides of March with dread. They were too much perturbed to permit themselves any expense that was not absolutely necessary. A large majority of the citizens here—whether they express it or not—feel in their hearts that the President is to thank for their happy Christmas.

The President is credited with having said recently in regard to one of his appointees against whom some objections were raised, that is the objections were justified, he hoped the man would not be confirmed. It is due largely to the President's directness and earnestness of purpose that the Republican Senators have been forced to assume a more conservative attitude towards his nominations. An unfriendly critic said something recently about Mr. Cleveland's incarnate commonplaceness and his sturdy independence, which he said, many people imagined to be a kind of genius. In reply to this some one said it was so rare a thing for us to have a President who has the courage to pursue a common sense policy that he does become, in so doing a kind of genius.

The Speaker of the House is spending his holiday time busy at work arranging the House Committees. Members manifest much anxiety to know where they will be assigned. The desire to learn their fate in this matter before an official announcement of the committees was made, kept many Congressmen in Washington during the holidays, who would have gone home for their Christmas dinners had the committees been announced before the adjournment. Many questions of grave import to the people of the United States besides the tariff and silver will have to be considered by the committees that Mr. Carlisle will name. He is a patriot, however, as well as a Statesman, and no public interest will be sacrificed by him either through the gratification of grudge or the indulgence of partiality. The changes in the rules recently made involve many changes in the committees. One aim of the Speaker will be to place very cautious and judicious Members upon those committees that have charge of the Appropriation bills.

The allusions that have been made to Senator Beck's recent speech on silver as an attack upon the Administration were unfair. He merely joined issue with the financial policy of the Administration, just as he has been criticizing the financial policy of Republican Administrations for years past. He refered in terms of sympathy and eulogy to the views of the President and Secretary of the Treasury as a whole. But the Ky. Senator is an extreme silver man and will do all he can to defer the suspension of silver coinage.

EARFULLY COMMON.

Kidney Complaints Among Both Sexes and All Ages—A Brilliant Recovery.

There is something startling in the rapid increase of kidney diseases among the American people within a few years past. Many causes peculiar to certain classes tend to produce and aggravate these troubles—as, for example, careless living, overwork and exposure. Dr. David Kennedy, of Roundout, N. Y., is often congratulated on the exceptional success of his medicine called "Favorite Remedy" in arresting and radically curing these most painful and dangerous disorders. Proofs of this, like the following, are constantly brought to his attention, and are published by him for the sake of thousands of other sufferers whom he desires to reach and benefit. The letter, therefore, may be of vital importance to you or to some one whom you know. It is from one of the best known and popular druggists in the fine and growing city from which he writes, where those interested may find Mr. Crawford at his place of business on the corner of Main and Union Sts.:

SPRINGFIELD, Mass., March 22, 1881.

Dr. David Kennedy, Roundout, N. Y.

DEAR SIR: For ten years I had been afflicted with kidney disease in its most acute form. What I suffered must be left to the imagination, for no one can appreciate it except those who have gone through it. I resorted to many physicians and many different kinds of treatment, and spent a great deal of money, only to find myself older and worse than ever. I may say that I used twenty-five bottles of a preparation widely advertised as a specific for this precise sort of troubles, and found it entirely useless—at least in my case. Your "FAVORITE REMEDY"—I say it with a perfect recollection of all that was done for me besides—is the only thing that did me the slightest good, and am happy to admit that it gave me permanent relief. I have recommended "FAVORITE REMEDY" to many people for kidney disease, and they all agree with me in saying that DR. KENNEDY'S FAVORITE REMEDY has not its equal in the wide world for this distressing and often fatal complaint. Use this letter as you deem best for the benefit of others. Yours, &c., LYMAN CRAWFORD.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases. J. W. WHITLEY."
